Disassembling Black and Decker Pivot Plus PD600 Drill

This guide details how to open up the Black and Decker Pivot Plus PD600 to be able to asses and deal with any problems that you may have.

Written By: Jonathon Centofranchi

INTRODUCTION

This guide will show you how to open your drill so that you can fix any problems that require you to open it up and possibly remove or replace parts. This guide is prerequisite only.

TOOLS:

- Phillips #1 Screwdriver (1)

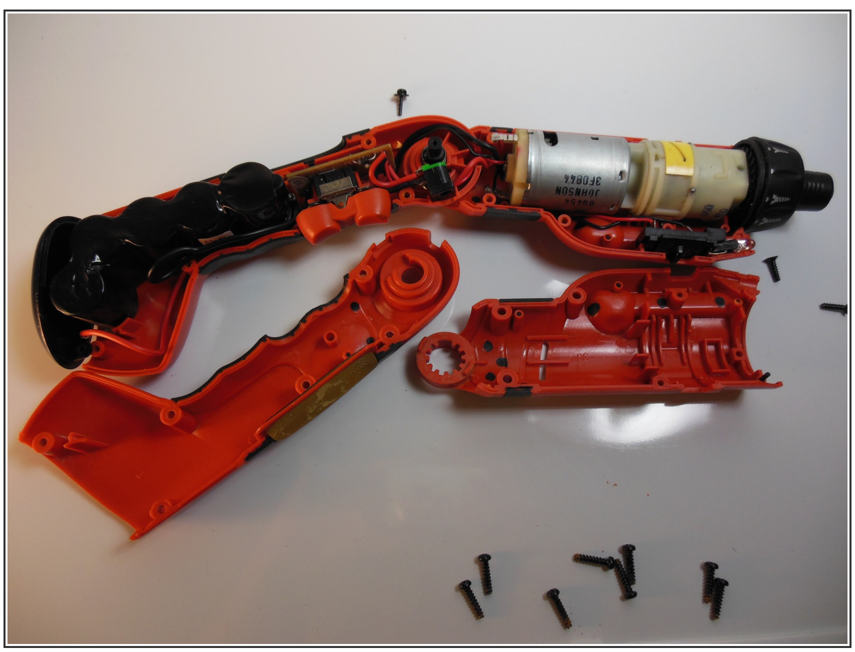

Step 1 — Drill

- Remove the nine 15mm Philips #1 screws
- Remove the two 12.5mm Philips #1 screws
- Remove the two 10mm Philips #1 screws

Step 2

- Lift one side of the drill casing off of the drill. Note that the drill casing consists of two pieces on either side of the drill.

To reassemble your device, follow these instructions in reverse order.
